

Flip Pro Max.

Our most powerful USB charger.

Designed for use with either a 12V or 24V input Flip Pro Max features 2x 60W USB-C charging ports.

It will charge at 36W on a 12V system or up to 60W on a 24V system. This makes it perfect for charging modern laptops and large tablets, phones and any other USB-C powered devices onboard.

When not in use, the spring-loaded cap remains tightly closed, protecting the ports from the elements. When charging, it quickly locks open to protect your cables when plugged in.

Featuring a super-compact footprint, Flip Pro Max is constructed from premium, marine-grade materials and is IPX4 waterproof, making it completely washdown-ready.

- 12V & 24V
- IPX4 waterproof when lid is closed
- Fast charge (60W max) up to 2 devices at a time.
- Easy Install
- Dual Type C USB charging.
- UV resistant
